

Update on St. Tim's new Website:

- We received the final branding documents from David Squire of DavidSquireDesign with the logo and designs planned by David Nickel. David Nickel has ordered stationery with the new branding. Wonderful!
- David Squire has had health issues but has also been working on our website. He is integrating photos by Todd Fuqua of CToddCreations with the edited text we submitted.
- He hopes to get the final proof for the website to me in a few days. When the website is ready to go online, we will activate the new emails so they all go up together.
- Website domain: Some time ago, David Squire reserved our new website domain:
www.StTimsIndy.org
- Email addresses: The new emails are also ready to go when the website goes up:
Rebecca@StTimsIndy.org for the Rector and
[Welcome@StTimsIndy.org](mailto>Welcome@StTimsIndy.org) for the Office Administrator

Update on St. Tim's Photo Directory:

- David Nickel designed the cover and introductory page for the photo directory some time ago and they look great.
- We have been working with Universal Church Directory to proof/edit the text. I believe we have the final version.
- We should be receiving the photo directories in a few weeks.
